ALTIVS IT BECOMES 100% CARBON NEUTRAL

Altius IT's IT audit services become 100% carbon neutral

September 11, 2008 – Costa Mesa, CA – Altius IT has reached its goal of becoming a 100% carbon neutral business.

“As an IT security audit and assessment firm, we work very closely with client organizations and understand that we have a responsibility to reduce our carbon footprint as much as possible – both to minimize our impact on the client and to minimize our impact on the environment,” explains a former president of Altius IT.

Altius IT is working with StandardCarbon.com to neutralize its carbon emissions by contributing funds to ongoing global environmental programs. Offsetting emissions combined with the environmentally friendly business activities and processes already practiced by Altius IT staff – has helped Altius IT reach its goal of becoming 100% carbon neutral.

“Becoming 100% carbon neutral has not been an easy task. We’ve worked hard to become the kind of company that organizations practicing sustainable and responsible purchasing – are proud to do business with,” says the former president. Altius IT is committed to the social, environmental and economic well-being of the global community in which our clients and team members live and work.

About StandardCarbon.com StandardCarbon.com is a leading provider of voluntary carbon neutral solutions. Credible offsets come from projects around the world and are certified according to either UNFCCC Clean Development Mechanism standards (CDM) or the Chicago Climate Exchange (CCX). StandardCarbon.com helps organizations and businesses provide the best environmental leadership within their industry.

Altius IT is an IT security audit and security consulting firm.
